

## About us

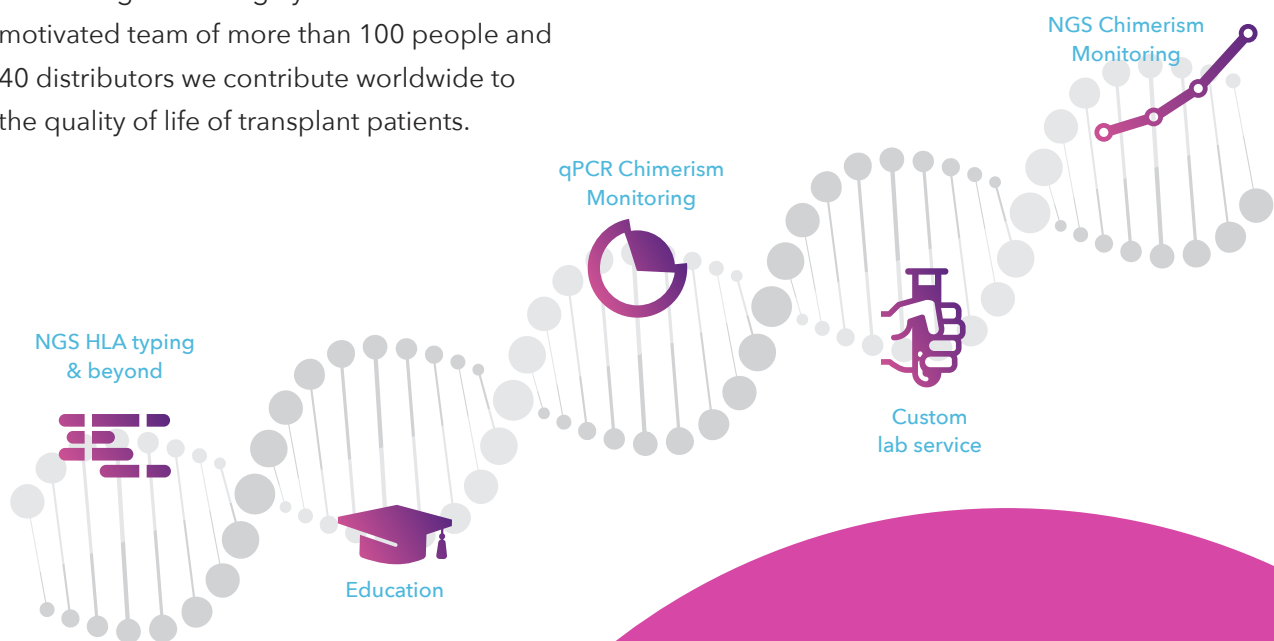

For more than 20 years, GenDx, part of Eurobio Scientific Group, is a global leader in molecular diagnostics for matching stem cell transplant patients with donors, and monitor success of transplantation. We combine our renowned software and reagents for high resolution HLA typing by Next Generation Sequencing and Chimerism monitoring with excellent customer support and education. We work closely with our partners and clients and share knowledge to advance the field of transplant typing and monitoring. With a highly educated and motivated team of more than 100 people and 40 distributors we contribute worldwide to the quality of life of transplant patients.

## Our Mission & Vision

Improve the quality of life and survival of transplant patients & advance the field of transplantation by offering excellent molecular diagnostic tools and sharing knowledge.

## Our Products

GenDx develops and offers a comprehensive line of reagents and services, analysis software and education.

## Discover NGS-Pronto®

High-Resolution HLA Typing Oxford Nanopore Sequencing

- ✓ Amplification & barcoded library preparation
- ✓ Only 15 minutes sequencing/sample
- ✓ Up to 96 samples per run
